1. Purpose

The purpose of this Policy is to outline responsibilities and procedures regarding the use of third party copyright material, with the objectives of:

- reducing staff and APIC’s exposure to the risks associated with the use of third party copyright material;
- assisting staff to make full legal use of the materials at their disposal by clearly identifying responsibilities; and
- promoting copyright compliance.

2. Scope

This Policy applies to all APIC staff, students, and controlled entities.

The scope of this Policy is limited to specifying responsibilities and procedures regarding:

- the use of third party copyright material for teaching, learning, research, or administrative purposes; and
- any other use of third party copyright material not covered by the Music, Video and Software Piracy Policy.

This Policy does not cover first party copyright material. First party copyright material is covered by the Intellectual Property Policy.

4. Policy Statement

What individuals can do with copyright protected materials depends upon who owns copyright, whether the use of the material is the subject of an agreement, the type of material used, how the material is used, how much material is used, and the purpose for which the material will be used.
API has a responsibility to provide information and guidelines to employees, students, controlled entities and individuals associated with API concerning copyright. These can be broken down into the following:

- Addressing their copyright rights and responsibilities;
- Develop, implement and support systems and processes that facilitate copyright compliance; ensure there are financial, structural and administrative procedures in place to meet its obligations under copyright legislation, and review and revise these as required;
- Monitor external developments in relation to copyright, especially copyright legislation, to revise and update policies, practices and documentation to adequately reflect changes, and to raise awareness of any developments as appropriate;
- Ensure API’s corporate publications and information services, policies and facilities meet the requirements of the Copyright Act and are reviewed and revised periodically; and
- Respond appropriately to any alleged breaches of the Copyright Act brought to the attention of authorised officers of API or of which officers become aware.

Individuals have a responsibility to:

- Make an effort to become aware of their rights and obligations in relation to copyright, including moral rights obligations;
- Adhere to the requirements of the Copyright Act, apply API policies, practices and procedures when using copyright works;
- Consult with the Deputy Dean (Academic) when preparing unit materials supplied, or made accessible to enrolled students, to ensure compliance with the relevant copyright law requirements, licence conditions, and API processes;
- Consult with a member of the API Executive Management Team prior to entering into agreements with outside organisations on behalf of API, particularly when third party copyright material has been used; and
- Report any alleged breaches of copyright to the Director of Accreditation, Compliance and Quality Assurance.

5. Photocopying

The Australian Copyright Act contains provisions that allow educational institutions to use text, images and notated (print) music in ways that would otherwise require a copyright clearance. These provisions are sometimes referred to as the Part VB educational statutory licence.

Australian teachers can copy and communicate text, images and print music without a copyright clearance if:

- it is for educational purposes, and
- they work for an educational institution that is covered by the Part VB educational statutory licence.
APIC is covered under the ECA Group licence.

5.1 Which content?

The statutory licence allows the use of text and images from any source or format:

- digital or hardcopy
- online or offline
- Australian or foreign content
- published or unpublished content

5.2 How much of a work?

A ‘work’ is an item of text or an image, usually created by a single ‘author’. An ‘edition’ (such as a book, journal or newspaper), or a publishing platform such as a website or CD ROM, may contain many ‘works’. For example, in a newspaper, each article, opinion piece, letter to the editor, cartoon and photograph is a separate ‘work’.

In some cases, a teacher may use only a ‘reasonable portion’ of a work, not the entire work. For some content, a specified proportion is deemed to be a ‘reasonable portion’. More than this specified proportion can be a ‘reasonable portion’, but there is no guidance in the legislation about how much. Similarly, there is no guidance on what constitutes a ‘reasonable portion’ of works such as artistic works.

The following is a guide.

<table>
<thead>
<tr>
<th>Hardcopy</th>
<th>Entire Work</th>
<th>Deemed “reasonable portion”</th>
</tr>
</thead>
<tbody>
<tr>
<td>If:</td>
<td></td>
<td>If work published as edition of 10 or more pages:</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• 10% of the number of pages, or</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• a chapter (if more than 10% of the pages)</td>
</tr>
<tr>
<td>unpublished</td>
<td></td>
<td></td>
</tr>
<tr>
<td>published, but not separately</td>
<td></td>
<td></td>
</tr>
<tr>
<td>not available (in any form) within a reasonable time at an ordinary commercial price</td>
<td></td>
<td></td>
</tr>
<tr>
<td>an article in a periodical (such as a journal, newspaper or magazine) – more than one if they are on the same subject</td>
<td></td>
<td></td>
</tr>
<tr>
<td>a text work of no more than 15 pages published in an anthology</td>
<td></td>
<td></td>
</tr>
<tr>
<td>an image that accompanies (and explains or illustrates) text that can be copied under the Part VB educational statutory licence.</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
| Otherwise, a ‘reasonable portion’. | If work published:  
| | • 10% of the words  
| | • a chapter (if more than 10% of the words)  
| | • 10% of a musical work |

**Digital**

- if one of hardcopy criteria applies  
  work available for purchase, but only in hardcopy  
  work is an image (even if it is available for purchase in digital form)  
- Otherwise, a ‘reasonable portion’.  
- (read **Electronic Use notice**, which must be published with each copy under this scheme)

There is a general understanding that a student in a course should receive no more than a ‘reasonable portion’ for that course. For example, a history teacher who copies 10% of a commercially available book for a class should not copy another 10% of the book for the same class.

**5.3 Which uses?**

Uses allowed by the statutory licence include:

- hardcopy content: photocopying, scanning
- digital content: saving to disk, printing, making available online, emailing (read **Electronic Use notice**, which must be published with each copy under this scheme)

**6. Non-compliance**

APIC’s disciplinary procedures may be applied where employees or students fail to comply with this policy or the Copyright Act. Some breaches of the Copyright Act are criminal offences, attracting heavy fines and terms of imprisonment.

Students are entirely responsible for any copyright infringement resulting directly or indirectly from their own actions.

**7. Roles and Responsibilities**

All staff and students must ensure that they understand and comply with the legal restrictions and obligations regarding the use of third party copyright material.

The Director of Accreditation, Compliance and Quality Assurance will address copyright risks in the first instance.
