The College publishes comprehensive and accessible information on fees and charges for students and ensures that the administration of these fees and charges is consistent with the published information, and in accordance with external and College policies and procedures.

In setting course fees, the College takes into account a range of factors including, but not limited to:

- 1) cost of delivery of the course or subject;

- 2) market forces including demand and trends;
- 3) government and legislative demands and trends;
- 4) type of student (international, domestic, undergraduate, postgraduate, research);
- 5) commercial and strategic imperatives;
- 6) operational requirements and demands;
- 7) known and anticipated cost increases; and
- 8) other criteria in accordance with the Higher Education Support Act.

The College reserves the right to amend course fees and to set other fees and charges, in accordance with the ESOS Act and the National Code. Course fees are adjusted annually and approved in time to meet internal and external publication timeframes.

All refunds of course related fees are made in accordance with the College's [Refund Policy](#) and [Refund Procedure](#).
