1. Purpose

To promote the highest practicable standard of work health and safety for the College, and to ensure compliance with state Health and Safety Acts (WHS Acts) and associated regulations, standards and codes of practice for ensuring workplace health and safety.

To provide the necessary direction and support to ensure the College meets its responsibility and accountabilities under the requirements of the workplace health and safety legislation and associated regulations and to provide clear guidelines for all College workers, students and others in meeting their legal obligations.

2. Scope

This policy covers all employees of APIC (whether full-time, part-time or casual) and all persons performing work at the direction of, in connection with, or on behalf of APIC (for example contractors, subcontractors, agents, consultants, and temporary staff).

This Policy does not form part of any employee’s contract of employment nor does it form part of any contract for service.

4. Policy Statement

APIC is unequivocally committed to ensuring a safe and healthy environment for staff, students, visitors, contractors, related entities and other individuals or external organisations which may be affected by its operations. This commitment recognises that every person has the right to a safe and healthy working environment and that each individual has a prime responsibility to cooperate in the preservation and improvement of all work health and safety measures of APIC’s activities.

APIC considers prevention of injury or ill-health to all individuals foremost in conducting its activities. Therefore, APIC is not only committed to ensuring that all legislative requirements are met, but to maintaining a position of excellence through a systematic and preventative approach in handling the workplace health, safety and welfare issues affecting its activities.
In observance of these commitments, the College includes this obligation in the Business Plan and has established this Workplace Health and Safety Policy. In conjunction with this policy, a series of procedures and programs on specific safety and health matters will be prepared, issued and reviewed on a regular basis or as legislative changes occur.

APIC will ensure, so as far as is reasonably practicable, the health and safety at work of their workers, as well as students, contractors, visitors and others. The implementation of this policy includes the:

- Provision and maintenance of a work environment without risks to health and safety;
- Provision and maintenance of safe plant and structures as well as safe systems of work;
- Safe use, handling and storage of plant, substances and structures;
- The provision of adequate facilities including ensuring access to those facilities;
- The provision of any information, training, instruction or supervision necessary to protect all persons from risks to their health and safety;
- That the health of workers and the conditions at the workplace are monitored to prevent illness or injury arising in the workplace.

Heads of Functional Areas, Line Management, Supervisory and Academic Staff

In fulfilling their responsibility, line management, supervisory and academic staff have a duty to provide and maintain, so far as is reasonably practicable, a working environment that is safe and without risks to health. This includes the provision of resources commensurate with priorities. Academic staff are also responsible for the oversight of students and to safeguard the health, safety and well-being of students in their charge. They are responsible for ensuring that operations are undertaken in accordance with authorised procedures and that staff and students are appropriately trained in these operations and made aware of workplace health and safety requirements.

Director of Accreditation, Compliance and Quality Assurance (DACQA)

The DACQA is responsible for providing professional advice, developing appropriate policy and strategic programs and for maintaining the Incident Register.

Workplace Health and Safety Committees

Workplace Health and Safety Committees shall be constituted in accordance with legislative requirements and function as consultation mechanisms available to make recommendations to management regarding workplace health and safety issues. The requirements, roles and responsibilities of HSCs are to be detailed in the Terms of Reference for each committee.

Employees, Students, Contractors, Visitors and Others

It is the responsibility of employees, students, contractors, visitors and others to ensure this policy is carried out and to regard accident prevention and safe working as a collective and individual responsibility.

Each person conducting activities on the College's behalf is responsible for observing all safety rules and procedures. These will be issued as safety policies, procedure manuals and programs, as necessary.
