

SBM1105 Strategic Project, Program and Portfolio Management

Unit description

SBM1105 Strategic Project, Program and Portfolio Management addresses the selection and prioritisation of multiple programs and projects which have been grouped to support an organisation's strategic portfolio. In this unit, students will learn about various portfolio management models and how to implement a Portfolio Management Framework such as P3M framework. Students will also learn the issues to be considered in selecting an effective organisation portfolio and how to balance many conflicting issues facing Managers to obtain desired outcomes. This unit is an elective unit in the MBPM program.

Learning outcomes

On successful completion of this unit, students will be able to:

- [ULO1] Apply portfolio management principles to manage organization change in order to realize the benefits.
- [ULO2] Quantitatively analyse and select projects which are aligned to organization strategy.
- [ULO3] Implement models to provide strategic alignment in the organization portfolio.
- [ULO4] Implement P3M framework to support organizations in achieving strategic and tactical benefits.

Summary

Credit Points	6
Courses	Elective: MBPM
Total Credit Points	MBPM: 69 credit points
