

## SBM1107 HR and Communications in Projects

### Unit description

SBM1107 HR and Communications in Projects focuses on two project management knowledge areas, namely: (1) project human resources management including human dynamics, development of project team, leadership and team management and (2) project communication management. The aims are to develop basic competency in project human resources management, communication and teamwork management, reflecting the state-of-the art practice and in line with recognised Standards such as A Guide to Project Management Body of Knowledge (PMBOK).

### Learning outcomes

On successful completion of this unit, students will be able to:

- [ULO1] Demonstrate knowledge and basic competency in relation to project human resources management, as per the PMBOK requirements.
- [ULO2] Demonstrate knowledge and basic competency in relation to communication management applying appropriate tools and techniques.
- [ULO3] Demonstrate knowledge and basic competency.
- [ULO4] Apply knowledge and tools to projects in the work environment including setting up relevant systems and controls.
- [ULO5] Analyse project situation that involves human resources, communication.
